- Were crates **opened and inspected immediately**?
- Was the store **notified straight away** if damage was identified?

⚠ Damage not reported at time of delivery may not be accepted as a freight claim.

C. Excessive Damage or Breakage

- Minor breakage in products such as **crazypave and free-form cladding is normal**, expected, and **still usable**.
 - **Excessive or unusable breakage** must be photographed and reported for assessment.
✓ Approved excessive damage will be **replaced**.
-

D. Incorrect Product Supplied

- Confirm product name, size, finish, and quantity against:
 - Customer P/O
 - Nuway invoice
 - If incorrect product has been supplied, document clearly and escalate immediately.

If the issue is a **change of mind**:

 - In original crates
 - Fit for resale

Applicable charges:

- **25% restocking fee**
 - **Delivery fee to collect product**

-

4. Resolution & Escalation

- Store will be advised of the outcome and next steps
- Approved replacements or credits will be processed accordingly
